

BUSINESS PROFILE

Valve Solutions

THE COMPANY

Valve Solutions Africa (PTY) LTD, established in 2018, is a supplier of valves, fittings, piping, and flanges based in Johannesburg. The company keeps a range of valve products in stock such as Ball, Gate, Globe, Check, Butterfly Valves as well as others. The following Industries are serviced: Oil and Gas, Petrochemical, Mining, Water and Power. We offer our customers standard valves (Off the shelf valves), Severe Service Valves (High Pressure/High Temperature) and custom made valves to operate in difficult applications (These valves are manufactured within a short period of time from concept to manufacture and testing). We are a 100% Black Owned and Level One Contributor.

Sole agent for RGR TECHNOLOGIES (South African Manufacturer or Ball and Check Valves). The company considers its focus on quality as the main tool to obtain significant business results. Valve Solutions Africa is proud to offer products to the market bearing the approval of numerous international bodies. VSA has established a proud reputation for finding and applying the correct solution to every application without fail.

VISION

To be our customers trusted partner and provider for Valves, Piping, fittings and flanges. With the support of our team of professionals and our well developed robust infrastructural facility, we are capable to provide our clients high quality assortment of industrial valves. We practice ethical business policies and maintain transparencies in our dealings, which has enabled us to establish vast customer base across the industry. Our expert technocrats make dedicated efforts to fabricate streamlined product range.

Supply

To provide South African customers with products imported from global manufacturers as well as supply global suppliers/customers with South African manufactured goods where possible

Build

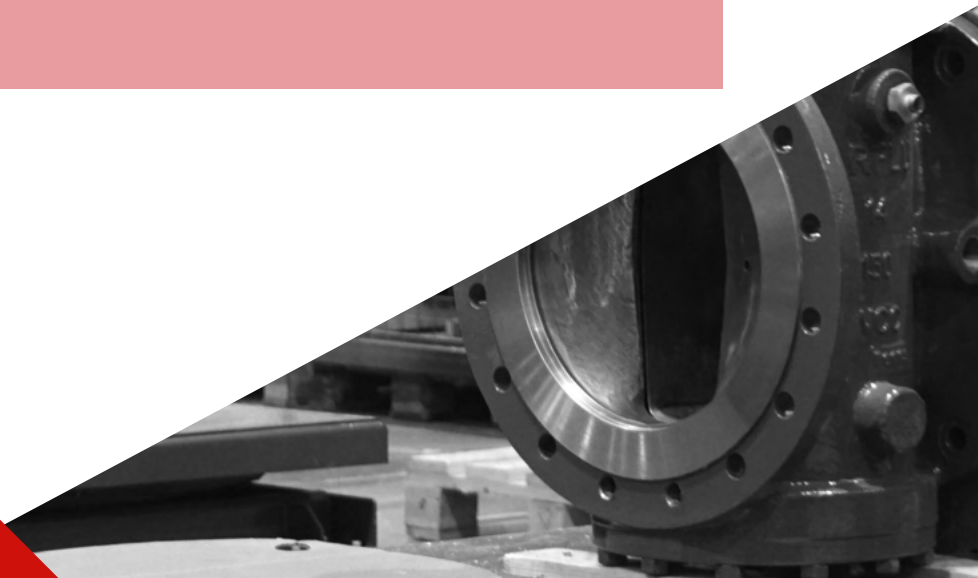

Long Term relationships with customers and global manufacturers

Contribute

To the Customers Goals and reduce their total cost of ownerships from purchasing inferior goods

Develop

BBBEE Service Providers and create Black Industrialists in S.A.
